Obituary from the Tulsa Daily Workd, Issue of Sunday, June 7, 1959.

RETIRED RURAL MAIL CARRIER DIES AT VINITA.

ViNita, June 6. LUKE MONTGOMERY, 80, retired rural mail carrier, died Saturday morning (June 6) in ahospital here. Mr. Montgomery served as mail carrier in the Grove area 26 years before retiring in 1943.

Born at Rocky Comfort, Mo., he lived at Grove from 1901 to 1939 when he moved to Vinita. He was a member of First Christian church here.

Survivors include the widow, Lillie; two sons, Lee Montgomery, 107 N. Columbia ave., Tulsa, and Dennis Montgomery, Vinita; two sisters, Mrs. Frances Taylor, Albuquerque, N.M., and Mrs. E.E. Slinkard, Grand Junction, Colo.; six grandchildren and two great-grandchildren.

Services will be held at 2 p.m. Monday in the Burckhalter funeral chapel here. Interment will be in Fairview cemetery.

Note from Geneva King: Mrs. Lillie Montgomery died a few years after her husband, and I am sure I saved the obit, but I have misplaced it. Her maiden name was BUNCH, and Garland Bunch of Bernice, Okla., once told me that he thought her father was a James Bunch, a descendant of the Charles Bunch who married Katie Carlock - this Charles the brother of Nathaniel Bunch of Arkansas, ancestor of Garland Bunch. I wrote Mrs. Montgomery, in 1958 I think, but received no answer.

Cherokee Indians

1835 Census of the Cherokees, on file in the Indian Archives, in the Okla. Hist. Soc. Bldg., Okla. City. Checked by G. King in 1961.

This is a census of the Cherokees living in N.C., Tenn., Georgia, etc., at this time, and from the date, 1835 , could have been a census made prior to plans for the Removal. Following are a few that I copied. I believe I copied all by the name "Rabbit", because of our Okla. Rabbit Bunch.

Love, John, lived on Peach Creek, in North Carolina.
1 Full; 1 Half; 1 Qtr.; 1 farmer; 1 weaver.
The Rabbit, of Mauteyahalu, in North Carolina. (p. 121)
11 Full; 3 farmers; 1 weaver; 2 spinners.
Jack Rabbit,(also of Mauteyahalu?), in North Carolina (p. 127)
13 Fulls, 2 Farmers, 2 Spinners.

Sleeping Rabbit, lived on Covewhulla Creek, in Georgia.
5 Fulls; 1 Farmer; 2 Weavers, 2 Spinners.
Sleeping Rabbit, lived Annuchy Creek, Walker County, Georgia.
3 Cherokees; 1 farmer.

The Walker County,Georgia angle interests me. See below:

William Bunch, born about 1787, enlisted in the War of XXXX 1812, in Clay County, Ky.; later moved to Walker Co., Georgia, where he served in 1838 "in the service of the U.S. in the removal of the Cherokee Indians".

There is a "History of Walker Co., Ga." in the Okla. Hist. Soc. Library at Oklahoma City - but it is not indexed. Glancing through it hurriddly it appeared to me that Walker Co., Ga., was where the government began the "Trail of Tears". The Chrokees were in a stockade there.

Thismay mean nothing. But - why did William Bunch go to Walker Co., Ga.? (Remember his wife was Ann Benge, daughter of David & Lucee - (a David Benge was a Rev. soldier from N.C.) Also I have seen the name "Chief Benge" among early Ky. records in dealings with the Cherokees.

Added note: The marriage record of Wm. Bunch & Ann Benge in Clay Co., Ky., alsomentions a brother, Joel Benge. In the 1850 census of Butler Co., Ky. is the following: WRONG! His name was Joel Berry.

97-97	~~Beng,~~ Berry, Joel	55	male	Born Va.,	Farmer
	Bunch, Wm. C.	32	"	Ky.	Farmer
	" Helen	32	female	Va.	
	" Edwin	2	male	Ky	

The Wm. C. referred to here is Wm. Callaway Bunch, a son of Charles Bunch (b. 1792/3 in Va). Charles not identified as yet.

Could "Benge" have been derived from a Cherokee pronunciation of "Bunch"?

Wagoner, Okla. Oct. 27. An article on "Providing Quality Seeds for Farms is Tough Job", by Herb Karner, Tulsa"orld Farm Editor. Meeting of the International Crop Improvement Assn, held at Nearby Western Hills lodge...

"Dean Bunch, a native Oklahoman, now supervisor of the Mississippi State university seed research laboratory, described pneumatic conveyors now being used. He said use of air to carry seed along is less damaging than older type conveyors. Bunch, an Oklahoma State university graduate, detailed tests made on various types of conveyors.".......

Believes Future May Hold More Tax Reductions

quirements of fiscal responsibility" and is explicitly aimed at achieving a balanced budget in a growing economy, providing opportunities for employment and investment and "giving the fullest possible play to the initiative and venturesomeness of the private sector of the economy."

He said the reduction will not perform miracles like ending poverty or even reducing unemployment immediately below 4 per cent, or ending balance-of-payments difficulties.

But he insisted it will "make possible a very substantial increase in the level of total economic activity . . . at the initiative of private consumers and business." The further results, he said, will be more profits, more jobs and increased attraction for investment in the United States.

Believes Future May Hold More Tax Reductions

quirements of fiscal responsibility" and is explicitly aimed at achieving a balanced budget in a growing economy, providing opportunities for employment and investment and "giving the fullest possible play to the initiative and venturesomeness of the private sector of the economy."

He said the reduction will not perform miracles like ending poverty or even reducing unemployment immediately below 4 per cent, or ending balance-of-payments difficulties.

But he insisted it will "make possible a very substantial increase in the level of total economic activity . . . at the initiative of private consumers and business." The further results, he said, will be more profits, more jobs and increased attraction for investment in the United States.

GREETINGS:

YOU and each of you will take notice that you have been sued in this action to escheat to The Choctaw Nation, plaintiff herein, under the laws of the State of Oklahoma and the Acts of Congress of April 26, 1906 (34 Stat. 137) and August 25, 1959 (73 Stat. 420), any and all unpaid per capita sums, commonly known as Per Capita Payments, and all other tribal funds, or securities, to which you would be entitled, as an enrolled member of The Choctaw Tribe of Indians, plaintiff herein, and accruing to you, if living, or your heirs or legatees, if deceased, including any such sums that may have been credited to individual Indian money accounts, without application having been made therefor by you or your heirs or legatees.

AND you must answer the complaint filed herein on or before the 27th day of April 1964, and failing so to do judgment will be rendered herein against you and/or your heirs or legatees, as prayed for, declaring an escheat to the plaintiff Nation or Tribe, of all such sums and tribal funds, or securities, including individual Indian money accounts, and forever barring you and each of you, from asserting any rights or claims therein or thereto.

For further particulars reference is made to the Complaint on file in this case.

PROBE LOOKS AT U.S. TIES WITH CHURCH

WASHINGTON (UPI)—A Senate subcommittee is investigating government relationships with religious institutions.

It wants to find out whether federal funds are going to church-related organizations in a manner contrary to the letter or spirit of the First Amendment to the Constitution, which forbids an "establishment of religion."

The investigation, which may culminate in public hearings later this year, is being conducted by the Senate's constitutional rights subcommittee, whose chairman is Sen. Samuel J. Ervin Jr., D-N.C.

Ervin is a Presbyterian who believes strongly in church-state separation.

Questionnaires Sent

The subcommittee sent out questionnaires last Nov. 4 to all federal departments and agencies. It asked them to submit detailed data on "any government program in which there is any kind of participation" by religious bodies.

Most of the replies are now in and the subcommittee staff has begun analyzing them, chief counsel William Creech told UPI.

Creech said it is "very probable" that the subcommittee will make public its findings about church-state financial relationships, whether or not it decides to proceed with public hearings.

A number of Protestant leaders have voiced concern in recent years about the variety and extent of government aid which is being accepted by U.S. religious bodies.

Property Sold Cheap

For example, more than 500 pieces of federal property with an original value of about $37 million have been turned over to church-related institutions at token prices under the government's surplus disposal program.

Church-related hospitals have received millions of dollars in federal aid under the Hill-Burton Act.

Church-related colleges have long received federal loans for dormitory construction, and are eligible for federal grants for classroom and laboratory construction under last year's education aid bill.

Church-related elementary and secondary schools receive aid under the federal school lunch program and the National Defense Education Act.

Flexibility Urged

Delegates from 24 major Protestant bodies met in Columbus, Ohio, earlier this month for a national conference on church-state relationships. They adopted a statement saying that Thomas Jefferson's concept of a "wall of separation" is too rigid and should be replaced by a more flexible view which recognizes that while church and state are indeed separate, they necessarily "interact" in many complex ways.

The Columbus conferees agreed that "under some well-defined circumstances, government may legitimately support specific programs of church-affiliated health and welfare agencies." But they said "the sole purpose" of any expenditure of government funds "must be the promotion of a clearly identifiable public interest" rather than support of a religious group or furtherance of a religious purpose.

Some Protestants would not go that far in condoning government aid to church-sponsored activities. Many Roman Catholics go farther and endorse direct government aid to parochial schools and other church-related institutions performing a public service. Most Jews favor a very strict interpretation of the First Amendment which would forbid any use of tax funds for the direct or indirect support of any religious institution.

SCOUT EVENT HERE FRIDAY

Management Clubs Seek Camp Funds

Four management clubs in Tulsa will make a concerted effort Friday to tell the story of the value of youth groups and, at the same time, to raise funds for the Indian Nations Council's Boy Scout campsite on Keystone Lake near New Mannford.

Hoping for as many as 5,000 spectators, the four groups have set a meeting in the Tulsa Fairgrounds Educational Building, at 8 p.m. Friday the final day in Boy Scout Week.

The four clubs are American Airlines Administrative Association, Douglas Management Club, North American Administrative Management Club and Tulsa Management Club. Together, they comprise the Indian Nations National Management Council.

Speaker for the event will be Dr. Walter Kerr, of Tyler, Tex., who has gained international fame for his dedicated work for Scouts and Scouting. His topic will be "The Role of American Youth."

Officials said the program will also include representatives from the Boy Scouts, Girl Scouts, YWCA and the Edison High School choir, offering educational and entertainment features.

The program is open to the public. Admission is 50 cents per person. Tickets are available through Carson Attractions at Vandever's Department store or at the Educational Building boxoffice on Friday.

Kerr, a former minister and a holder of the Silver Antelope Award for outstanding service to scouting, has spoken at mass youth rallies at Stuttgart, Oslo, Stockholm, Copenhagen, London and Helsinki. He defended Christianity and democracy in an address before a Communist youth group in Moscow.

He has been a consultant on several religious movies, including "The Ten Commandments."

Congress Urged To Clear Way for Political Debates

BOISE, Idaho (UPI)—The chairman of the Republican Governors Association urged Congress Sunday to clear the way for televised debates between the two major presidential candidates this fall.

Idaho Gov. Robert E. Smylie asked Rep. Oren Harris, D-Ark., chairman of the House Commerce Committee, to turn loose legislation bottled up since Oct. 2, 1963.

The measure would suspend the "equal time" provision of the Federal Communications Act. This would permit the television networks to present debates between major party candidates without being compelled to give equal time to candidates of the many "splinter parties."

Businessman Dies

PORTLAND (AP)—One of Oregon's wealthiest businessmen—Truman Wesley Collins, died of a heart attack Sunday. He was 61. Collins, had business interests ranging from lumber, insurance and banking to dam construction in Pakistan.

Controversy on Prayer At Grid Games Grows

NORMAN (UPI)—Oklahomans continued to choose sides Sunday in a controversy over prayers preceding college football games.

Stewart Harral, director of public relations at the University of Oklahoma, defended the practice.

He disagreed with a petition circulated last week at Oklahoma State University in Stillwater, opposing pre-game prayers at OSU games.

"The idea started at OU in September 1960, when a friend of President George Cross made the suggestion that a prayer be given," Harral said.

"At that time, President Cross and I realized it would be impossible to use a prayer which would harmonize religious beliefs of 60,000 persons, not to mention the radio and sometimes the television audience who represent most of the major faiths of the world."

It was decided to use a nonsectarian prayer at the games which asks divine blessing on the players, spectators and universities involved, Harral said mail response indicated the prayers were popular.

The pre-game prayer practice eventually spread to OSU without fanfare until the petition was circulated last week.

The prayer ban had the support of 10 campus ministers at Oklahoma State University, but pastors of most Stillwater churches favored keeping the prayers.

"The prayer is more directed to the audience than to God," said William Ross, director of the OU Catholic Students Association.

The Rev. Irving Smith, pastor of Stillwater's First Methodist Church, said the Stillwater Pastors' Association refused to endorse the statement by the Association of University Ministers calling for elimination of the prayers.

The Rev. Carl Kaskey, minister for the Oklahoma State University Wesley Foundation, said a statement signed by 10 campus ministers opposing pre-game prayers was attached to a student petition without the ministers' knowledge.

Methodist Bishop W. Angie Smith and Dr. T. B. Lackey, secretary-treasurer of the State Baptists Convention, both opposed the petition asking for a ban on pre-game prayers.

ANSWERS TO BRIDGE QUIZ

Q. 1—As South you hold:

♠AQJ94 ♥K ♦K962 ♣K32

The bidding has proceeded:

North	East	South	West
1 ♥	Pass	1 ♠	Pass
4 ♥	Pass	?	

What do you bid now?

A.—Our recommended call is a bid of four no trump which under the circumstances must be construed as Blackwood. If our partner shows up with three aces, it is our intention to contract for a grand slam. If he has only two, naturally, we shall have to be content with a little slam and, if he has only one, we shall feel constrained to send him to the local teacher for a refresher course.

—0—

Q. 2—As South you hold:

♠AK984 ♥AKQ95 ♦A ♣52

The bidding has proceeded:

West	North	East	South
1 ♣	Pass	2 ♦	?

What do you bid?

A.—Something is rotten in whatever state you happen to be reading this. There is scarcely enough outstanding strength to piece together an opening bid, but to combine that with a jump shift suggests a mere fantasy. Surely you will not wish to retire from the contest at less than the level of five in one or the other of your major suits and, in order to be sure that the bidding does not sudenly subside, a game forcing cue bid of three diamonds is recommended.

—0—

Q. 3—East, West vulnerable. As South you hold:

♠QJ92 ♥A5 ♦763 ♣QJ64

The bidding has proceeded:

East	South	West	North
Pass	Pass	Pass	1 ♦
1 ♠	?		

What do you bid now?

A.—Double. Your hand has a reasonable expectancy of developing four tricks in the play and if partner can do as well you should score a 500 point profit, which is more than you can do by going game, assuming that your side can do so, which is by no means established. All the evidence points to your partner having a good hand. First he opened in fourth position; secondly, West was unable to bid in third position, where greatest liberties are taken, and lastly, East has once passed.

—0—

Q. 4—As South you hold:

♠A73 ♥K765 ♦62 ♣K965

The bidding has proceeded:

West	North	East	South
1 ♦	Pass	Pass	?

What do you bid?

A.—While this is not very much of a hand, nevertheless, with two scattered tricks, you should be unwilling to sell out so cheaply. Partner is bound to have some cards and may even have been lying in wait for the opponents to get into trouble. The proper procedure is to double. Partner should not take such action by you too seriously under these conditions and should test out the situation before making any drastic commitments. It is good practice to reopen the bididng in this situation with a hand that is average in high cards.

—0—

Q. 5—As South you hold:

♠KJ97 ♥Q93 ♦62 ♣J632

The bidding has proceeded:

North	East	South	West
1 ♥	Pass	1 ♠	Pass
2 ♣	Pass	?	

What do you bid now?

A.—Two hearts, to give partner another chance without increasing the contract. The hand is not strong enough to warrant a raise to three clubs. There is a strong likelihood that partner has a five card heart suit since, with four hearts and four clubs, the normal opening bid is one club.

—0—

Q. 6—As South you hold:

♠AQ ♥J742 ♦Q10765 ♣A6

The bidding has proceeded:

West	North	East	South
1 ♣	1 ♦	Pass	?

What do you bid?

A.—We would not be inclined to settle for less than a game contract and in order to insure getting there the recommendation is for a cue bid of two clubs. From partner's next step it may become more evident whether the better course lies in a three no trump contract or a try for game in the minor suit. A jump to three diamonds would not be accepted as correct for this does not place partner under obligation to bid again. Remember he did not open the bidding.

—0—

Q. 7—East-West vulnerable. As South you hold:

♠AJ962 ♥4 ♦A1063 ♣1074

The bidding has proceeded:

North	East	South
1 ♥	2 ♣	?

What do you bid?

A.—A special demerit for bidding two spades. Your hand does not justify taking this dangerous action. A bid of two spades by you would be forcing for one round and would prove embarrassing if partner rebid his hearts. I think it is safe to assume that you can win three or four tricks against the club declaration which, added to the three that the opening bidder is expected to have, should produce a sizable profit.

—0—

Q. 8—As South you hold:

♠A102 ♥AJ753 ♦K3 ♣654

The bidding has proceeded:

North	East	South	West
1 ♦	1 ♠	2 ♥	Pass
4 ♥	Pass	?	

What do you bid now?

A.—This hand has enormous possibilities. While you only have three high cards, each one of them is the key to the safe. The king of diamonds is the equivalent of an ace so that you have a good opening bid facing a partner who has opened and jumped. Your proper bid is four spades, showing control of that suit and, if partner counters with five clubs, you might take the liberty of showing the king of diamonds.

Phillips Makes Changes

Four personnel changes were announced today by Phillips Petroleum Co. here.

R. L. "Dick" Clampitt, formerly manager of Drilling Specialties Co., a marketer of specialized drilling mud and oil well cement additives, has been promoted to manager of the newly-formed extractive chemicals branch of Phillips Chemical Company's petrochemicals division and Gary N. Schooler, most recently general manager of the Hopkinsville, Ky. Business Center of Phillips Products Co., a Phillips subsidiary, has been named to replace Clampitt in his former post.

Also, Daryl W. Bunch has been named manager of the new mining chemicals unit of Phillips' new extractive chemicals branch of Phillips Chemical Company's petrochemicals division and T. W. "Tom" Hall has been promoted to planning manager of Phillips Chemical Co., according to R. G. Rhodes, vice president, planning and development.

The extractive chemicals branch includes Drilling Specialties Co., a division of Phillips Chemical Co., Custom Oil Recovery Technology (CORT), a joint venture between Phillips Petroleum and Hercules, Inc., and a new business unit identified as mining chemicals branch.

Clampitt, who joined Phillips in 1959 after receiving a bachelor's degree in petroleum engineering at the University of Oklahoma, will direct the development and expansion of the new branch's worldwide product sales and service to the petroleum and mining industries.

Schooler, a native of Dewey and a chemical engineering graduate of Oklahoma State University, joined Phillips in 1959, soon after obtaining his degree. He has held various positions at Phillips.

Bunch joined the company in June, 1977, and holds a bachelor's degree in chemistry from the South Dakota School of Mines. On his previous assignment, he was operations resident manager of the Phillips Uranium Company Nose Rock Mine in western New Mexico.

As manager of the new unit, Bunch will be responsible for the development of markets in the mining industry for chemicals used in in-situ mining and in processes to separate ore from rock and other substances and to concentrate ore. These chemicals are manufactured by Phillips Chemical.

OREGON
* * * * * *
Coos County

The following newspaper article was given to Mrs. Geneva King of Nowata, Okla., by J.B. Bunch of Huntsville, Ark, in June, 1966. It is headed "The World, March 12, 1962". No location is given, but grocery store ads on the back give prices for the "Empire" and "Coos Bay" stores - which are in Coos County, Oregon.

There is a very nice picture of an old lady looking down the sights of a gun, and under it this: "Mrs. Amanda Noah of Allegany is a southpaw, but that doesn't interfere with her aim. This pioneer has trapped, hunted, fished and worked hard almost all of her 94 years. World photo by Grace Thill."

"WELL, I HAD TO KILL THE BEAR AFORE IT KILLED ME", relates hardy Pioneer."

by Grace Thill, Women's Editor, The World

In a cozy home perched on a hillside at the end of the road on the East Fork of Millicoma River lives a tiny mite of a woman who typifies the old saying, "Dynamite comes in small packages."

Mrs. Amanda Noah, a native of Josephine County who celebrated her 94th birthday anniversary in January, has been an expert marksman, trapper and hunter throughout her busy life of rearing a large family under the difficulties imposed by a pioneer life.

One of the favorite tales of her family is the one in which Mrs. Noah was out in the woods hunting. As she came to a log chute, used by loggers to move logs down hill, she rested a moment with her chin resting on crossed arms atop the chute. To her surprise, a bear's snout reared up on the opposite side. She brought her gun up, shoved it over the chute and fired.

KILL IT FIRST

" Well, I was right on top of that bear, and I had to kill it afore it killed me", she casually dismisses the incident.

The nearly a century-old story of Mrs. Noah begins Jan. 16, 1868, when she was born in Josephine County about 14 miles from Grants Pass near the Oregon Caves. She was the daughter of George W. Bunch and Phoebe Fox Bunch, who came by wagon train across the plains to the Oregon Territory in 1852.

She married Theodore Devoe at the age of 16 years. To them were born four children, Mrs. Maud Cook, now living in Arcata, Calif.; Mrs. Emma Sylvester, Coos Bay; Walter Devoe, Allegany; and Pearl, deceased. She was left a widow with four small children when her husband died in an epidemic in the East, where he had gone to find work.

MAIL DRIVER

During the years that followed, she andher children lived with her mother. Mrs. Noah helped her step-father drive the mail team from Jacksonville to the Coquille Valley.

She came to Coos County in 1896 and two years later married Fred Noah, who died four years ago. The four children of this union are Mrs. Hattie Johnson, Bridge; Fred A. Noah, Lakeside; Lewis J. Noah, Millicoma River; and Mrs. Amanda E. Bellington, Empire.

Mrs. Noah was a good hunter and trapper, taking many furbearing animals and several bears while her husband was logging. She hauled all supplies for the log camp and loaded hay for the log teams. She ran a string of traps and raised a large garden each year to provide the family's winter supply of food.

ZULA IS FAVORITE

Her keen hunting eye never lost its sharpness. At the age of 85, picnicking along the Millicoma with her family, she fired at leaves drifting on the surface

of the water and hit three out of four. Her favorite gun is an old 38-40 that she affectionately calls "Zula".

Four years ago she still was making her own way by peeling chittum back. On one trip to town to sell her wares at Farr's, she was noticed by a customer. Amazed to find a woman of her years actively engaged in such hard work, he paid $10 for the packet of bark which was worth only a fraction of the price.

TRUNK IS HIDING PLACE

A memento of her family's trip across the plains, an old trunk which had been in her possession, now rests in the Coos-Curry Pioneer Museum, Simpson Park, North Bend. The trunk was handmade, covered with buffalo hide and lined with paper. It belonged to Mrs. Noah's Grandmother Fox, who died near the Snake River in Idaho, en route to Oregon. When fearful of Indian attack, Mrs. Noah's mother would hide her younger children in the trunk.

Mrs. Noah's father was captain of the wagon train, which did not make the trip unscathed. She retains a vivid memory of her father's tales of the journey, including an attack on the train by Indians.

GRACEFUL RETIREMENT

Now retired from her active physical life, Amanda Noah greets her guests with a gracious welcome. The beauty of face displayed in her wedding picture has not been entirely lost to the years, and her humorous wit still twinkles in her eyes. A dainty woman, she wears her hair in a upsweep coiffure, held in place with rhinestone adorned combs, and circlet earrings sparkle on her ears.

A warm invitation to return is given the departing visitor, as Mrs. Noah waves farewell from her porch.

The sound of wind sweeping through the tree tops and the roistering Millicoma River with its rain-swollen current form a perfect backdrop for this pioneer woman who is part of the history of Southern Oregon.

Resident Bugs Buck In Hallway of Home

COQUILLE, Ore. (AP) — Levi Bunch and his wife were sitting in their living room on Lamp Mountain Road near here Sunday night when a three-point buck smashed through a large window, sailed over Bunch's head and landed in the hallway.

Bunch grabbed his rifle from a closet and shot the 150-pound animal.

24 Million Bees, 800 Hives Stolen

Yakima, Wash. (AP)—Yakima county sheriff's deputies have hit the trail in search of 24 million bees and 800 hives which disappeared over the weekend from the bee ranch run by Jim and Jess Bunch.

The hives are worth about $24,000. Each of the 800 hives contained about 30,000 bees and their value is one to be calculated only after the honey market is tasted.

This is the second time the Bunch apiary has been hit. Four years ago hundreds of hives were stolen from a Bunch apiary in California.

DeWitt seems to think these early Bunches in South Carolina were Indian. He mentions a few on page ~~65###~~ 25 of March 1965 issue. I think there is another mention of these early ones - but I can't find it right now. I don't know a thing about any of these, in 1790 census.

NATIONAL ARCHIVES AND RECORDS SERVICE

EXPLANATION OF ORDER FOR PHOTOCOPIES

Some years ago, in order to reduce the cost of our service and to decrease the likelihood of copying errors, we discontinued the practice of transcribing genealogical information from the records and adopted, instead, the practice of furnishing photocopies of the original documents for a fee. This practice has proved, on the whole, satisfactory to our patrons.

Now, in order to reduce the average amount of fees and to speed up our service, we have installed a flat fee system.

Please use the reverse of this form to order photocopies of records relating to a person who served in the United States or Confederate Armed Forces. We can furnish photocopies relating to the following subjects:

a. United States military service before World War I and Confederate military service;

b. United States (not Confederate or State) pensions claimed on the basis of service before World War I; and

c. United States (not State) bounty lands claimed on the basis of service before 1856.

Send us the completed form with one dollar. If you send more than one form at one time, your remittance should be for as many dollars as you send forms. Each order will be handled separately; so you may not receive all your photocopies at the same time. Be sure to enter your name and address on each form.

If we find a file for the person identified by your order, we will send photocopies of the documents we think most likely to be of interest to you. If we do not find a file that we can identify with the person in whom you are interested, we will refund your money.

I don't know of anyone working on the Bunch family, as requested in your letter of May 26, 1956, to the "Hartford Times". However, may I suggest you communicate with my second cousin, Tillman Tenney Bunch, "Ivanhoe," Cockeysville, Maryland? If he does not have genealogical information on his paternal ancestors, he may be able to refer you to some of his Bunch relatives now living in Georgia.

Very truly yours,

Evelyn S. Wachter.

Dear Mrs. Thomas:

I find that on October 11, 1950, a Mrs.Corrie Lynne Bunch of Black Hawk, Miss., wrote to Dr. George Henry Bunch of Columbia, S. Carolina relative to information regarding the Bunch family. Perhaps you might write her for further information. I do not know anything about her or if she is still living. I happened to run across the letter that she had written which apparently was given my husband. She said her great grandfather, Joseph Bunch was reputed to have come from Spartanburg C., S.C. and that her Grandfather Andrew Jackson Bunch was born in 1853 in Miss. and died in 1937. The Courthouse records for that time were destroyed.

You might also write the Edgefield County Historical Society, Edgefield, S.C., for further information.

If we ever visit Sullivan's Island, S.C. we shall make an attempt to locate the daughter of the late William Boone in connection with the Bunch data which you say is stored there.

I am from Lebanon, Kentucky and it was a surprise to me to hear that the Bunch family settled in Kentucky.

I am sorry that we do not have any information concerning Zachariah Harrison Bunch.

I regret that we have not been able to answer your letter sooner, but vacation, school, business, etc., keeps us busy.

Very truly yours,

Virginia Hamilton Bunch

Sibyl C. Bunch Taylor
1218 15th Place
Des Moines 14, Iowa

Dear Sibyl:

Did you know that Sylvia M. Arrowsmith Park, 725 Bryan Ave., Salt Lake City,5, Utah, sent a sheet to Archives on Henry Bunch b. 1807 Clark Co., Ky. who md. Nancy Eperson 10 July 1827 in Clark Co., Ky. (that she was the dau. of John Epperson. (note in pencil from Sibyl:"I did know this as this record was sent to me from the Archives").

She has listed 5 children for this couple.

My mother-in-law's name is BUNCH. She Inez Virginia Bunch b. 6 Dec. 1875 in Pulaski, Giles, Tenn. She was the dau. of Enoch Houston Bunch who was b. 28 Feb. 1841 or 15 Nov. 1842 same place, md. 5 Dec. 1844 Mary Jane Smith, (dau of Pleasant Smith and Sally Odeniel.)

E. H. Bunch's parents were James Monroe Bunch b. abt. 1821 Pulaski, Giles Co. Tenn and his 1st wife CASHEN, Elizabeth, b. abt. 1823. The father of J.M. Bunch was James Bunch and Tabitha Reynolds.

Our Bunch lines may tie in together; I've quite a bit of Bunch data, but not my connecting link as yet.

May I hear from you?

Sincerely,

Mrs. Valdina (G.) Whitley

Added note from Sibyl to Geneva King:

"This came today, the 15 nov. Maybe this is the lead to birth place of your g. grand-father, James Bunch - I hope. Please return to me. Thank you".

Exerpt from letter to Mrs. Garland King, Nowata, Okla., from the Genealogical Society, Salt Lake City, dated 30 April 1958:

"A check of our Master Index made in response to your request failed to reveal anything concerning the individuals about whom you made inquiry.* We did find record, however, of a James Bunch, born about 1800, probably of Pulaski, Giles County, Tennessee, who married Tabitha Reynolds. A sheet representing this family was placed on file in our Archives by Mrs. James D. Whitley, 711 Hearthstone Street, Prescott, Arizona. Since this represents the direct ancestry, it is suggested that you contact Mrs. Whitley for further details. There may be some connection with your family."

*Geneva King made inquiry about George and James Bunch of Carroll County, Missouri, and later for a George and James who were probably sons of Samuel Bunch the Quaker of Louisa Co., Va.

(Geneva King wrote to Mrs. James D. Whitley of Prescott, Arizona on 2 July 1958, but received no answer.)

Dear Mrs. King;

I understand you have a BUNCH line; my mother-in-law's maiden name is BUNCH. She was the dau. of Enoch Houston Bunch and Mary Jane Smith; Inez Virginia Bunch was b. 6 Dec. 1875 in Pulaski, Giles Co. Tenn. (she will be 91 next mo.) Her grand parents were: James Bunch and Tabithia Reynolds.

Have you any data regarding these people? There is an old family bible which was in the family for a 100 yrs. or more bef. I came into the family 30 yrs. ago. I am borrowing this bible for a short time & hope to glean more from it than I now know.

In checking Census I find a Meridth Bunch in the 1820 etc. in same locality, & I wonder if it is possible he is father of James Bunch; James Bunch was b. abt. 1821; Meridith Bunch was b. abt. 1790.

Sincerly,

Mrs James D. Whitley

Dear Mrs. Whitley,

Thank you for your letter of December 30th, telling me of your interest in the Bunch Family. I would be glad to help you as much as I can but sometimes it may be awhile before I get around to answering. I would appreciate any information on any line of the Bunch Family as we cover the entire group. After having compiled this information for so long, I have begin to appreciate the source of the information when possible. As for your group, you sent information back as far as James and his wife Tabitha (Reynolds). James, I have a partial record of but I did not have the wife's name. I believe that if you check back farther you will find that the father of this James was David.

Now, to go to the son of the James above, you have him listed as James Monroe Bunch. This I am sure is an inaccuracy. I say this because first, I have visited his grave and second I have a copy of the records from the family Bible kept by his son, Thomas.

James R. Bunch Born 8/22/1820 died 10/27/1873 married 10/7/1840 to Keziah Cashan born 11/18/1818 died in child birth 2/22/1858 buried next to her husband in the Pulaski Cemetery. The twins born to her 2/22/1858 were both boys. One died 2/11/1858 and the other died 5/13/1858. The last date could be inaccurate as apparently the child was not named and this would appear that the date may have been 2/13/1858. Other children of James R. and Keziah were: Francis Marion born 7/18/1841, Enoch Houston born 10/22/1842, Thomas Jefferson born 6/29/1844, Virginia A. born 4/24/1846, Indiana born 2/29/1848. William J. born 5/14/1850. and then the twins in 1858.

James R. remarried five months after his wife's death. Married Lew Pierce 7/14/1858. and had more children: John V. born 7/28/1859, Julia born 1/1/1861, and Ella born 9/29/1864.

I also have a run down on most of the children, but time does not permit me to go into that at this writing. I am enclosing one of my latest letters explaining about the Bunch Family Record. As you can see it is made possible by several people who are working together unselfishly to reassemble all the bits of information into an informative Family History.

Sincerely,

Dewitt Bunch

BUNCH'S TAVERN

Bunch's Tavern

John Bunch seems to have been well established on Richland Creek near present day Rutledge when the county was organized in 1796. Prior to this time he had erected a log house whereas, in Sept. 1796, the county court was held there. Though the courts were held in various places in the county, Bunch's Tavern seems to have been a favorite place for the meetings. Soon, on March 15, 1797, John Bunch applied for a license to keep a public house "where he now lives". Thus began the days of Bunch's Tavern. An addition was made to the structure and the logs were covered with weatherboarding making it a most attractive tavern. It, like all the other early taverns on the old stage road that passed through the county near the present location of 11W highway, catered to great and notable men of that time. Several years ago a portion of the tavern was razed, later the remaining portion burned. A mantle from the room in which the early courts were held was installed in the library of historic Shields Station at Blaine - which is the only remains existing today of the once famous Bunch's Tavern.

"Bunch's Station" was evidently "Bunch's Tavern",a stop on the first road in the state, from Bristol to Knoxville, it was called "The Old Stage Coach Road" and ran through Rutledge. Samuel Bunch, a former sheriff of Garinger County, and a descendant of John, lived and is buried at the Bunch Tavern site. When Samuel was sheriff, 1821-36 he shared his tiny office (which has since been restored) with a runaway apprentice tailor from North Carolina. This apprentice later went to Greenville, Tenn. and opened a shop. Later, he got involved in politics and became president of the United States - Andrew Johnson."

- from a letter of John Clark, Rutledge Tenn. 1980

"Col. Samuel Bunch was born in Grainger County, Tenn. Dec. 4, 1786. He commanded a regiment of Mounted yeomen from Tennessee during the Creek War, serving under General Andrew Jackson and distinguished himself in the attack in Hillibeetown on 18,November 1813. In the charge of the Battle of Horseshoe Bend on 27 March, 1814, he was among the first to pass over the breastwork of the enemy. For many years he was Sheriff of Grainger County. He was elected as a Whig to the 23rd Congress and re-elected to the 24th.- 133-37. He died at Rutledge, Tenn. 5 September 1849."

Dear Mrs. King:

I have such a sketch address for you I'm not sure this will reach you.

Do you have an address for Mr. DeWitt Bunch who lived at 31 N Main St, Perry, NY? I am interested in securing copies of his poublications about the Bunch family of eastern Tennessee (Grainger Co., in particular). I know you are a Bunch researcher - and I hope you will help me if you can direct me to someone or somewhere I can find the published material mentioned in the Parke/Bunche book. Thank you so very much.

Sincerely,

Frances L. Holman

Dear Mrs. King:

Thank you so much for your kind response and generous offer. I have sent my letter on to your "new" address for Mr. Dewitt Bunch, however, I should like so much to have a copy of your material on the Grainger County Bunches.

I am particularly interested in the family of Polly Bunch - daughter of John, who married Joshua Hickey (according to marriage records of Grainger Co., 1803, family says later date. John Bunch in a deed (maybe copied wrong) called him his son-in-law, Jno Hickey. Their daughter, Mary Maud(Hickey(for 1819, definitely was the sister of Calvin M Hickey and John Hickey. John Hickey's tombstone in Alabana - erected by his brother Calvin - states he was born in Rutledge, Grainger Co., Tenn., 1813.

My other concern is Anne Bunch who married Blackstone Hardeman circa 1808. She helped rear Mary Maud Hickey"s child, Nathaniel, supposedly named for a Bunch relative. Anna was Called "Aunt" Anna, and"cousin" Anna - was she Mary Maud's sister or aunt?

I should be so happy if you will xerox copies of the Grainger County records for me. 1 I shall reimburse you at once.

The Hardemans and Holmans have wondered about the Bunches so long. I am trying to straighten it out and tie Mary Maud and Anna into the Bunch family properly. My husband's grandfather (Nathaniel Holman) even inherited a slave with a Bunch name - "Kellus". I have found the name in Bunch deeds once many years ago which I saw on microfilm and have never been able to see it again!!

The Hardemans and Holmans were early settlers of the Republic of Texas, etc.

I do thank you.

Sincerely, Frances L. Holman

Dear Mrs. King:

I cannot begin to thank youenough. You have been so kind. I do hope your husband's health is much improved by now.

If youever hear of anyone who is looking for the family of "John Bunch whose daughter Polly "intermarried" with Joshua Kickey", please let me know. The hardeman family is so interested in finding their "Anna" who married Dr. Blackstone Hardeman circa 1808. Anna was a sister or cousin of John and Mary's granddaughter (Daughter of Polly and Joshua) Mary Maud Hickey. When Mary Maud died in 1843, the Hardeman's took her son, Nathaniel Holman, into their home, etc.

I feel I should send you something for all the copying you did. I do wish I could help you at this time.

Did I tell you that the second letter to DeWitt Bunc has been returned? Do you know Mrs. Thomas Botts in Columbia, Mo? Is she a Bunch researcher?

Anyway - I'm trying to thank you - and wish you my kindest regards.

Sincerely,

Frances L. Holman

BUNCHES OF GRAINGER COUNTY, TENNESSEE

Compiled 1938 by Tilghman H. Bunch, Washington, D.C. & Richard H. Bunch, Chicago, Ill.

In March 1780, John Bunch patented land in the Holston Country. Thomas King and Rufus (or Isaac) Trimble were with him. He evidently migrated from nearby Washington County, Virginia (Abingdon, County Seat) but from the part now Sullivan County, Tennessee. Before moving down into Hawkins County (now Grainger) he probably lived near the present Kingsport, Tennessee, a territory over which Washington County, Va., long exercised jurisdiction.

John Bunch's forebears came from England well before the Revolution and settled in Virginia. There is an old tradition in East Tennessee that the first Bunch in this country was a ship-wrecked child on the Virginia coast. In his teens he joined a party to recover some prisoners and property taken by the Indians. Getting ahead of the Indians they concealed themselves behind some logs. The Captain ordered them to fire as, the Indians were straggling along. Bunch waved his hand and said, "Wait and let's bunch them". Finally, when the Indians got together they fired, large numbers were killed and the prisoners recovered. There are several versions of this, and in one it is said that the first Bunch in the present East Tennessee was a ship-wrecked youngster, another has it that the first Bunch came over at the age of 17.*

John Bunch was a Revolutionary soldier and was active in the early Indian Wars**. He served as Captain under Sevier in the Etawah campaign against the Cherokees and Creeks in 1792 and 1793, and in 1794 he served in the Knox Regiment as an ensign, Territory south of the Ohio, and apparently for years was Captain of Militia at Rutledge, Grainger County, Tennessee. The Captain was quite a land owner and active in public affairs. The first Court in Grainger County was held in his house, and he offered land for the first court house, across from his property***, now known as the old Manley Place. He served in the Tennessee Legislature of 1803 and 1805. The Bunch house is still standing, about 1 1/2 miles west of Rutledge on the Knoxville Road, and not far from Richland Creek which runs through the place. An old family cemetery is nearby. This place once had splendid orchards. The French Bourbon Prince, afterward King Louis Phillipe of France, and his brother, dined here with Captain Bunch while enroute to New Orleans on their American visit in the 1790's. The Captains wife was Mary Asher. They had the following children.

---

* John Bunch was probably the first Bunch in Tennessee. The early Bunches of Virginia and North Carolina were not kin - different families.

** The house on the old Bunch place was undoubtedly built with defense against the Indians in view. There were heavy logs in the walls. The Richland Creek (running through the place) Valley was in early times a very heavy cane-brake. In the North Carolina State Records ther is an item about a man being killed on June 29, 1788, during Indian Hostilities, at Bunch's Station. Indian depredations were no doubt numerous.

*** Captain John Bunch presented land across the highway from his property as a site for Grainger County's first court house. An excavation was apparently started but the building was erected in Rutledge. Grainger County was founded from Hawkins.

**** In old Grainger County Minute Books the following Bunches are mentioned. From 1798 to 1808. Charles - John - David - Martin - Samuel - Thomas.

John Lafayette Bunch & Ann Eliza Woolridge (1st wife), Dec. 23, 1847.

As a young man John Bunch served in the local Militia Company. He probably spent some time in northern Alabama, at Huntsville, where some of the Clays located, after his marriage. Several of his children were born there. His home in Grainger Co., Tenn., 3 1/2 miles west of Rutledge, still stands. Now owned by Prof. S.R. Wister. In 1834 he moved to Missouri from Tennessee and settled at Bolivarwhere hedied April 2, 1837. His wife passed on April 5, 1841. Both are buried near Boliver. Mr. Bunch was quite a large man, weighing about 250 lbs., and very temperate habits, neither smoked or drank. His oldest son, Samuel Hamilton Bunch, first married Miss Jernagin and had six children (4 sons). Of these sons Rufus, the oldest went to Oregon before the Civil War. Jeremiah Jernagin fought through the war in the Confederate army and then moved to Florida. Robert (Bob) served in the Southern Army and lived in Grainger County, Tenn, afterwards. Samuel Hamilton was killed fighting for the "Lost Cause" in South Carolina in 1865. All were ardent Confederates of course. "Ham" moved to Missouri with his father, but returned to Rutledge after several years. He married a second time, in 1849, a widow, Mrs. Elizabeth Ellis (Miss Janeway). They had 4 children, Miles Ellis Latham Bunch - John J. Bunch - William Ashly Bunch and John H.C. Bunch. They moved to Texas in the eighties and settled at Pilot Point where "Ham" died in 1888. Descendants still live there. The other surviving son of John and Margaret Bunch, John Lafayette Bunch, journied to Missouri with his parents, but not caring for life in that State went back to Alabama and lived with the Clays and was educated there. He made Tuscumbia, Alabama, his home andmarried twice, first Ann Elizabeth Woolridge, second, Lucy Mary Johnston. By the first, two children survived, Elsie Clay Bunch who married R. L. McKnight, and Virginia Tunstoll Bunch who married Dr. Henry S. Dill. By the second marriage were Persifer S. Bunch who died in 1930, and Martha Ward Bunch, who married Lucius E. Patton. Mrs. McKnight died in 1933. (She had a home in Tuscumbia filled with lovely furniture.) Mrs. Dill died in 1926 and Mrs. Patton in 1935, in Memphis, Tenn. Major Bunch served in the Confederate Army under General Strobl, and died in 1862. The second son of John Bunch, (Colonel) Samuel Bunch, was born in what became Grainger County, Tenn. on Dec. 4, 1786. Was educated in public schools. He served in his father's Company of Militia, and with the outbreak of hostilities in 1817, enlisted in Col. John Williams' Regiment as a Private on Dec. 1st, and served in the expedition to East Florida (10), being appointed Captain on Jan. 3, 1818.

---

(8) Major R. J. McElhaney was a native of Grainger Co., Tenn. (born about 1815). He was a prominent citizen, merchant and banker of Springfield, Mo., and Postmaster there [illegible]. Appointed Major of Militia in [illegible] and Capt. of a Federal Co. [illegible] but saw little active service. The Major Came to Missouri in [illegible]. [illegible] McElhaney and his wife were parents-in-law of Leonidas [illegible] Campbell, who served in the Confederate Army as a Colonel and was a member of [illegible] staff. Colonel Campbell was a native of Springfield, Mo. He accumulated a large fortune in many lines and had a 10,000 acre plantation in the Yazoo delta in Mississippi and a Cotton Press business at Vicksburg, Miss. A very prominent and fine man.

(9) The Campbells went to California in 1849 or 1850 and spent several years there.

(10) The expedition fought an engagement in East Florida -- Coll Bunch's letter of Sept. 23, 1819 to General Jackson. (American State Papers, Military Affairs I, page 769.)

Following this service he was appointed Colonel of a regiment called Samuel Bunch's Regiment East Tennessee Volunteers, and rendered eminent service under General Andrew Jackson in the Creek Campaign. He distinguished himself in the attack on Hillibetown on Nov. 18, 1813, and in the charge (11) of the Battle of Horseshoe Bend on 27th of March, 1814, he was among the first to pass over the enemy's breastworks. The power of the Creek Nation was forever broken on the field after that. Col. Bunch was detailed to command at the different posts from Fort William in the Creek Nation to the Tennessee line. For six years he served as Sheriff of Grainger County. The Colonel was a great horse fancier and bred a string of fine roans, known as the "Bunch Roans". He was a friend and benefactor of Andrew Johnson, and when young Johnson opened his first tailoring establishment in 1826 at Rutledge, he used the Bunch office part of the time as his shop, the Colonel being away on duty as an Indian Agent. This office was a small brick building that stood near the present Court House site. Johnson often hunted with the Colonel who was an enthusiastic sportman. The Colonel served in the 23rd and 24th Congresses (1835-1837) as a Southern Whig and Supported Hugh Lawson White for the Presidency in 1836 presidential campaign. Senator White carried Tennessee in this national election. Col. Bunch married Miss Amanda Anderson, a dughter of Joseph M. Anderson, and his wife, Mary Cocke. She was pretty and vivacious (12). The Colonel was a large land owner and man of affairs. He was big and very handsome, and in his younger days, quite a beau. His friends included two men who reached the Presidency, Andrew Jackson and Andrew Johnson. He died on Sept. 5, 1849. The Knoxville Register published the following obituary. "Died at his residence in Grainger County on the 5th inst. Colonel Samuel Bunch in his 65th year. Colonel Bunch commanded a regiment in the Indians wars of Andrew Jackson, and in the charge at the Battle of Horseshoe Bend was first or second man over and inside the breastworks of the enemy. He represented his district in Congress during the Administration of President Jackson, prior to the division of the parties in Tennessee. During the last session he served in Congress he was united with the Hon. John Bell, Henry A. Wise and Bailie Peyton in a publication nominating to the people the lamented Hugh Lawson White as a patriot. The Colonel (13) lived at his fathers old place, the present Manley Place, and is buried in the private grave yard on it. The Col. and Mrs. Bunch had the following children. McDonough J. Bunch, a handsome high spirited man, born about 1823, was the principal clerk of the State Legislature, 1845-46, held a Majors Commission in the period of the Mexican War, went to Mississippi and established very successful law practice. Was killed in a duel well before the Civil War.

---

(11) General Jackson in his report to Governor Blount dated March 31, 1814, mentioned the "great gallantry with which Col. Bunch led his men".

(12) Joseph M. Anderson was a sonof Inslee Anderson and a Revolutionary soldier and a member of ### a distinguished old Delaware Family, who was killed on Nov. 4, 1791, while serving as adjutant to Col. Gibson's Regiment in St. Clairs defeat by the Indians in Ohio, and his wife, Mary McDonough, the aunt of Commodore McDonough the hero of the Battle of Lake Champlain. Mrs. Joseph Anderson was a Mary Cocke, the daughter of Senator, General and Judge, William Cocke, one of the most distinguished figures of the old Southwest, and his wife, Mary Maclin, Her brother General William Cocke distinguished himself in the War of 1812, too. Mrs. Bunch, the Colonels widow, married in 1858, Mark Lowry, an old army comrade of the Colonel and a wealthy respected citizen of Sparta, Tenn., who was a widower with grown & married children.

I realize that your Orlena Oregon Bunch was not born until 1848
but that is such an unusual combination I wondered if she could be
an older sister of your James Bunch born 1803.

Geneva,
Chas is much better but he has been very ill most of the winter and
we have been at home almost all the time. I have been to the library
about 4 hours in six months and that should give you an idea.

I believe I'd write Miss Margaret C Thatcher - better not. I tried
to get her address in Chattanooga telephone book. The reference man
gave me Mrs. W. J. Headen's address as 303 Signal Mountain Blvd.
so write her and see if she can tell you anything about Orlena
Bunch. It's just got to be yours. I HOPE Love,

Marie

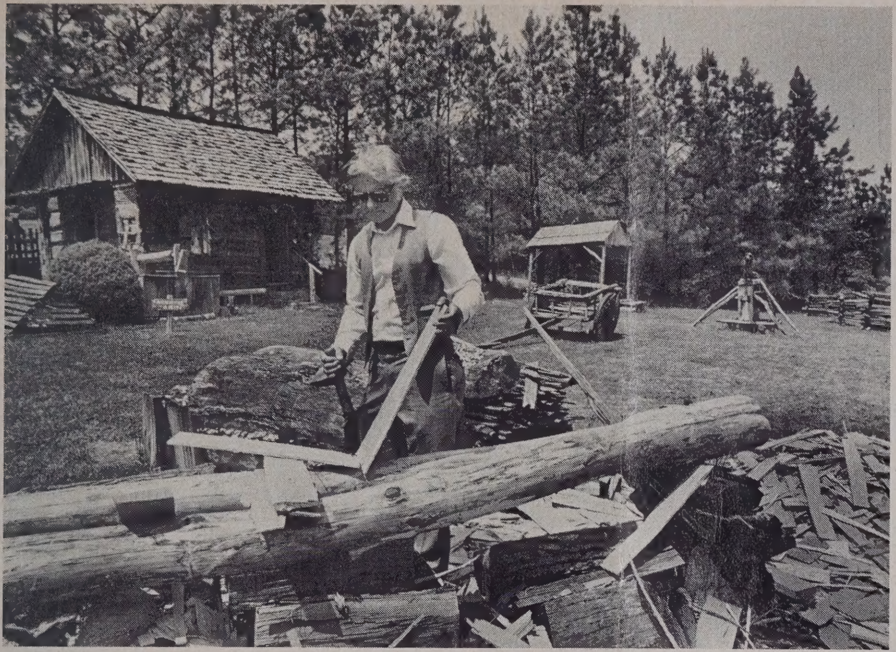
John Rice Irwin, creator-owner-operator of the Museum of Appalachia in Norris, Tennessee, demonstrates the proper touch for riving oak shingles with a froe.



A collection of 30 or more structures, the Museum of Appalachia is a virtual mountain homestead set on a wooded hillside.

One Man's Appalachian Settlement

Deep in the lengthening shadows of the afternoon, John Rice Irwin, dressed in a Sunday-best vest and crisp, long-sleeved shirt, seemed something like an oldtime, circuit-riding preacher. He spoke earnestly about the life-style and lifetimes of the Appalachian Mountains he loved, and his Museum of Appalachia, in Norris, Tennessee, reflects his respect for a disappearing way of life.

Born in Union County, Tennessee, Irwin can trace his ancestors back to Tennessee's early settlers. Even as a child he admired the Appalachian people, and his Grandfather Rice fanned that interest when he gave him a small array of primitive pieces. Then Irwin began to look around, and he saw an infinite variety of such items.

"Here was the history of the country just sitting there. From that point, it became an obsession," he says.

His collection has mushroomed during his 18 to 20 years of serious collecting. The Museum of Appalachia now contains more than 100,000 early-American and pioneer artifacts, including an entire reconstructed mountain homestead, complete with cabins, smokehouse, log church, schoolhouse, orchard and garden, corn crib, barn, and blacksmith shop. More than 30 structures stretch up the hill and alongside a level field. Most houses display a number of items, and each item has a story behind it that Irwin is spoiling to tell.

Standing between the General Bunch House and the Arnwine Cabin, an early 1800's cabin listed on the National Register of Historic Places, Irwin defines his museum's philosophy: "If you do something just for display, it loses its authenticity." As if in illustration, he picks up a worn froe from atop a wood pile and begins to rive oak shingles that will be used on one of the museum's structures.

Stepping inside the Arnwine Cabin is like stepping into an authentic pioneer household. A scrub broom, a cheese press, and a horse collar made from cornshucks hang on one wall. Irwin reaches for an old wooden fox horn and cocks his head as if straining to hear its distant call. "Now these old fox horns, you used to hear them around here every Sunday morning. You'd hear one over on this

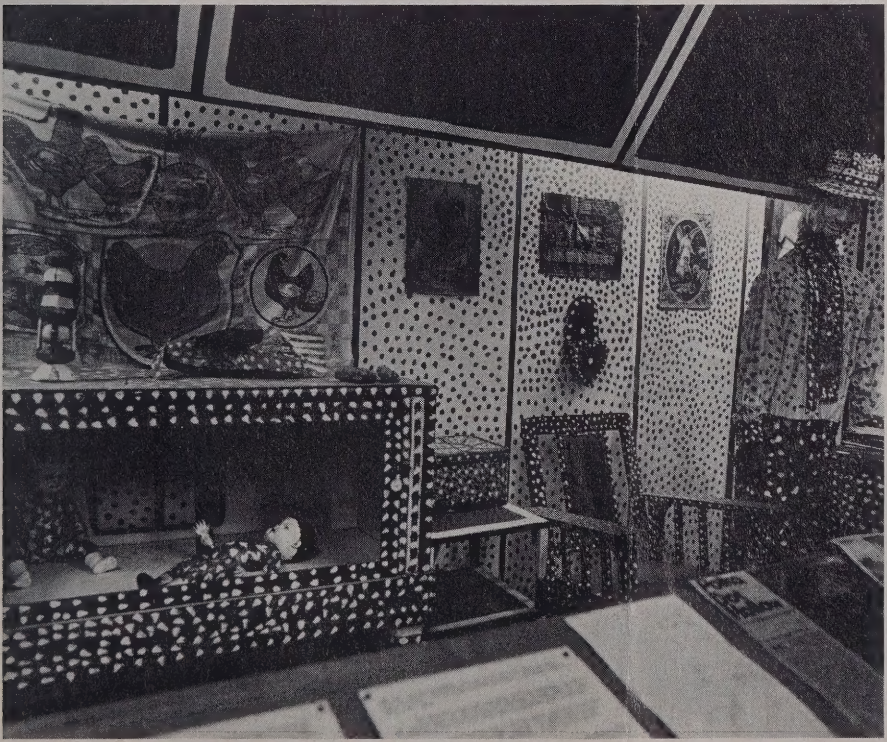
Old clothing, displayed here in the General Bunch House, is the hardest item to find, says Irwin. Most pieces were made into quilts when they began to wear out.

Sunday afternoons bring some down-home jamming. Here Irwin joins three friends to present their version of "Soldier's Joy."



The Display Barn contains more than 90,000 items, among them exhibits of Appalachian folk art. This second-floor display features the work of "Cedar Creek Charlie" Fields, who decorated his entire house in polka dots.

mountain, and then you'd hear it way over there on that mountain."

At the McClung House, Irwin singles out a family corner cupboard. Next, he wanders over to the Parkey Blacksmith Shop to marvel once again at the ingenuity it so aptly illustrates. All its tools are planed and forged by hand.

The exhibits in the tin-roofed Display Barn are much more museumlike, arranged in cases and meticulously labeled. Housed here are some 90,000 pieces, including furniture, household items, and unique machinery, such as a dog-powered treadmill. One display recounts the demanding life of area miners, while a nearby wall wears a collection of mountain musical instruments. Upstairs is a display of Appalachian folk art. There's virtually too much to absorb in one trip.

In keeping with his search for authenticity, Irwin strives to keep his museum alive, so sometimes during the week, three friends will split shingles and work the 50-acre homestead. On Sundays you might see some basket weaving or—best of all—hear mountain music performed live. Irwin and some friends sometimes gather on the porch of the General Bunch House to retone oldtime songs, like "Soldier's Joy."

Afterwards, Carlock Stooksbury, a tall, kind-faced fellow, solos on the mouth bow. Stooksbury, who learned the art from his father, stands up and plucks at the lone string, modulating the rhythmic notes with his mouth. The bow's warm humming drifts lightly over the afternoon porch-sitters, surrounding them in a pocket of mountain times.

The Museum of Appalachia is in Norris, Tennessee, 16 miles north of Knoxville via I-75. It's open every day year-round during daylight hours. Admission is charged. On November 1 and 2, the museum will host a crafts fair. For more information, write to the Museum of Appalachia, Box 359, Norris, Tennessee 37828.

Ford Granada 1981. Built for a changing world. Designed with a commitment to quality.

In a world calling for change, no American-built sedan has changed more for 1981 than the new Ford Granada. Count the ways:

Granada is smaller than last year.
Granada has more interior room than last year.
Granada has rack-and-pinion steering this year.
Granada has a new type of suspension for this year.

And, best of all, Granada's efficient 4-cylinder engine for 1981, combined with its new sleek aerodynamic styling, gives it the best mileage in its history—21% better than last year!

23 EPA EST MPG **34** EPA EST HWY

For comparison. Your mileage may differ, depending on speed, distance and weather. Actual highway mileage and California ratings lower.

Granada is built with Ford's attention to detail. Every seat is fitted by hand and every door is adjusted by hand. Every car is examined by at least 38 quality-control inspectors. That's attention to detail you can see, feel and hear.

Your Ford Dealer can discuss buy or lease arrangements and tell you about Ford's Extended Service Plan.

A note from Marie Garland about 1960 or prior indicated that Solomon Bunch, lived at Lanton, a Mill, in this county, date about 1850. I have seen a detailed map of Maury Co., Tenn, in which there was located a Lanton, near which was a mill owned by a Bunch family. I wonder if Marie could have listed the wrong county? Perhaps 1850 census of Williamson Co. should be checked. - G. King

MRS. GARLAND B. KING
ROUTE 1, BOX 273
NOWATA, OK 74048

DEAR MRS. KING:

THANK YOU FOR FORWARDING THE MATERIAL ON EUGENE BUNCH. THE BOOK BY HORAN AND SANN WAS ONE OF THE SOURCES THAT GOT ME INTRIGUED ABOUT BUNCH. I CORRESPONDED WITH MR. HORAN BEFORE HE DIED AND HE TOLD ME THAT THE MATERIAL CAME FROM THE FILES OF THE PINKERTON DETECTIVE AGENCY IN THE 1940'S WHEN HE WAS RESEARCHING HIS BOOK ON THEM. THE FILE HAS SINCE BEEN LOST. MUCH OF THE INFORMATION WAS NOT ACCURATE.

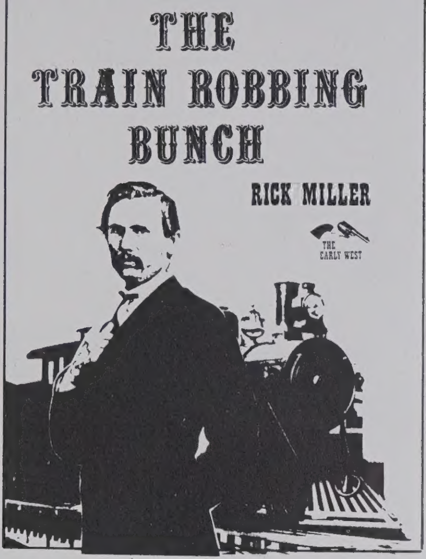
ENCLOSED IS A BROCHURE AND ORDER FORM FOR THE BOOK. A FEW TYPOGRAPHICAL ERRORS SNEAKED IN, BUT, ON THE WHOLE, I WAS PLEASED WITH HOW IT CAME OUT. I WAS NEVER ABLE TO TRACK DOWN ANY DESCENDANTS (ALTHOUGH IT WOULD BE LIKELY THEY WOULD KNOW ABSOLUTELY NOTHING ABOUT HIM).

CURRENTLY, I AM TRYING TO FINISH BAYLOR LAW SCHOOL HERE IN WACO. I'M SCHEDULED TO GRADUATE THIS AUGUST, AT WHICH TIME MY FAMILY AND I WILL BE MOVING TO KILLEEN, HERE IN CENTRAL TEXAS. RESEARCH FOR A SECOND BOOK ABOUT AN 1800'S TEXAS DETECTIVE, JACK DUNCAN, IS NEARING COMPLETION AND I HOPE TO HAVE A FIRST DRAFT COMPLETED BEFORE THE END OF THE YEAR. I WAS ABLE TO LOCATE DESCENDANTS AND OTHER FAMILY MEMBERS.

AGAIN, I APPRECIATE YOUR KEEPING ME IN MIND AND TAKING THE TIME TO COLLECT AND SEND THE INFORMATION. I HAVE A LETTER OFF TO DEWITT BUNCH IN NEW YORK. THERE IS SOME GENEALOGICAL INFORMATION ON EUGENE BUNCH'S FAMILY GLEANED FROM CENSUS RECORDS, PROBATE RECORDS, AND COURT RECORDS. I HOPE YOU FIND IT USEFUL.

BEST REGARDS,

Rick Miller



THE TRAIN ROBBING BUNCH

"Suddenly, he whirled around and fired a desperate shot at the oncoming detectives that whizzed harmlessly past them. The outlaw turned away from them, levering another cartridge into his rifle, and started to run for the cover of the underbrush. . ."

Who was this mysterious man, Captain Eugene Bunch, who met his end in 1892 in Louisiana? He had served as soldier in the Confederacy, taught school, been elected county clerk, speculated in real estate, and edited a newspaper.

A dark side of his personality emerged when he was in his mid-forties, an old age by comparison to other outlaws, robbers, and gunfighters. Bunch left his role as a respected family man to become a gambler, and then a forger, and finally a train robber and a killer of men.

The O.K. Corral Inquest

To commemorate the 100th Anniversary of the Gunfight at the O.K. Corral, THE O.K. CORRAL INQUEST has been published to present, for the first time, the complete testimonies of the participants and witnesses who were heard at the Coroner's Inquest and the month-long hearing that followed, the Wells Spicer Hearing. The manuscript is based on the rare transcription of court records made by Pat Hayhurst in 1930. The original records have since been lost or destroyed.

Stuart Lake, Wyatt Earp's biographer, wrote the introduction in 1951 and Glenn Boyer, the noted Earp researcher, wrote the preface. Editor Alford E. Turner utilized thirty years of his research in annotating the transcripts.

Among the better-known personalities giving testimony were: Wyatt Earp, Virgil Earp, Ike Clanton, Johnny Behan, Billy Claiborne, R. F. Coleman, and Robert Hatch.

Reviewed and recommended in *Booklist (Dec. 1981)*, by the American Library Association.

Abstract of the Will of Ann Bunch of Accomack County, Va.
Obtained by Geneva King in 1960 from J. Fulton Ayres, Clerk of the Circuit Court of Accomack Co., Va.
1771

"Ann Bunch was the widow of Alexander Bunch, Merchant; the will makes mention of her son, William Drummond and his children, Sallie, Elizabeth, and George; also her son George and his children Anne and Richard Drummond. The property bequeathed to them was in Worcester County, Maryland.

(It seems to me highly possible that this should be "Bunce" instead of "Bunch". I have noticed the name "Alexander Bunce" in the index to books, but have never investigated. GK.)

THE BUNCH FAMILY OF VIRGINIA

In 1640 there were only 15,000, and in 1660 only 40,000 white settlers in the Colony of Virginia, which at that time was comprised of what is now known at the State of Virginia, and all territory west of the central part of Pennsylvania to the Mississippi.

New Kent County was founded from York County in 1662 Hanover from New Kent in 1700 and Louisa from Hanover in 1742.

51/52
~~1601/2~~ John Bunch came to Virginia. (Lancaster Co?)
~~1653~~ 1662 John Bunch patented 400 acres of land in New Kent County
1722 John Bunch Jr. patented 400 acres of land in Hanover County - Louisa 3-18-1662
1724 John Bunch patented 400 acres of land in Hanover County
~~1735~~ 1725 Paul Bunch patented 400 acres of land in Hanover County
~~1700~~ 1728 John Bunch patented 400 acres of land in Hanover County
1738 William Bunch patented 400 acres of land in Hanover County
1767 Samuel Bunch patented 400 acres of land in Louisa County
1741 Rebecca " " " " " Goochland Co.
1665 William " was in Westmoreland Co.

One of the parcels patented in Hanover County by John Bunch was in that part of the county later changed to Louisa.

1732 Five Bunch brothers landed at Alexandria, Virginia.

1742 John Bunch died in Louisa County, bequeathing his property to five sons; John, William Henry David, James. On account of the destruction of Public Records during the Civil War, I have been unable to trace relationship but think it safe to assume that he was the grandson of the John who came to Virginia in ~~1601-02~~. 1651-52

~~1718~~ 22 ~~60~~ 1722 David, son of John Bunch, was born in Louisa County. In his Bible is recorded the names of the following children.

John	10-21-1747	Lucresa David ~~Lavinia~~	5-25-1759 1-17-1761
Joseph	6-15-1749	Anthony	11-14-1762
Pouncey ~~Chas~~? ~~Nancy~~? ?	1-15-1750	Thomas	2-17-1765
William	11-30-1752	Nathaniel	7-25-1767
Jean ~~James~~	12-9-1754	Winnie?	12-29-1769
Mary	5-30-1757 20	Paul	5-28-1772

I have family linage of David's son Pouncey? (My Great Grandfather) Also, of a John Bunch and Nathaniel Bunch who I believe to be sons of David.

I also have linage of one of the descendents of ~~four~~ one of the five brothers who came to Virginia in 1732, covering the five generations.

The family was first found in Flanders moved to ~~Holland~~ Scotland during religious uprising, 4 wars and were known to have lived there for 400 years.

THE BUNCH FAMILY OF VIRGINIA

I am informed that the BUNCH family was first known in Flanders and migrated to Scotland during time of religious uprisings and were known to have lived there for 400 years. The earliest discovered record of the family in America is that of a JOHN BUNCH who came to Virginia in 1651-52. Due to the destruction of public records of that part of Virginia, successively known as York, New Kent, Hanover and Louisa Counties, where records were destroyed during the Civil War, I have been unable to trace the family between 1651 and 1742, when this genealogy starts.

R. H. Bunch Chicago, Illinois 1938

1651-52 John Bunch came to America (Virginia)
1662 John Bunch granted 450 acres of land in New Kent County.
1665 William Bunch came to Virginia prior to this date.

1724 Paul Bunch granted 400 acres of land in Hanover County.
1725 John Bunch granted 400 acres of land in Hanover County.
1728 John Bunch granted 400 acres of land in Hanover County.
1738 William Bunch granted 400 acres of land in Hanover County.
1741 Rebecca Bunch granted 400 acres of land in Goochland County.
1767 Samuel Bunch granted 400 acres of land in Louisa County.

1732 Five Bunch brothers landed at Alexandria, Virginia.

1742 John Bunch died in Louisa Co. prior to this date. He had patented 400 acres of land in Fredericksville Parish (1722), and left property to five sons: (Vol A, part I, pages 48-49-50, Louisa Co. Deeds)

The Bible from which the above records were obtained was in 1936 in the possession of W.A. Bunch, of Asheboro, N.C., who said at that time:

"This history told about the old Bible was that a brother of William Bunch, who was my great-grandfather and abrother to John Bunch, b. 1747, rode a horse from Atlanta, Ga., to William's home in Guilford Co., N.C., and asked him to go with him to Louisa Co., Va., to their father's sale. William Bunch was unable to go but asked him to buy the Family Bible, which he did and delivered it to him on his way back to Atlanta."

The following BUNCH records were copied from "The Virginia Baptist" which book was bought by John Bunch (b. 1747) from the Rev. Nicholas Poindexter and passed down to the member of the family of each generation who did the most for the Baptist Cause. Mrs. Garland B. King,

Dear Mrs. King:

Your letter to Clerk, Probate Court of Bedford Co., has been handed to me for attention as the Clerk doesnot do researchwork.

I am enclosing an abstract of the will of James Bunch probated Sept. 27, 1802, as follows:

Will of James Bunch dated April 27, 1795, names daughters, Elizabeth, Suckey Coil, Sally Scott, Martha Harris, Persciller Scott, Margery Harris, Molly Gentry, Nancy Bunch, son, James Bunch, wife, Mary and grandson, Walter Bunch, appoints friends William Ewing, John H. Otey & son, James Bunch as Exors. Husband of Martha Harris, Nathaniel mentioned in Codicil dated Feb. 2, 1798. Witnesses: James Willson, John Halley, Wm.Ewing.

For $4.00 the Clerk will make you a typed copy or $5.00 will make you a Photo copy from the original will if in condition to be so taken. It is quite a long instrument it covers six pages on the will book.

I donot make you any charge for the above abstract but I have a collection of pitchers, am wondering is you would not like to add one for me, any size, color or shape, just so it is a pitcher and from you.

Will be glad to hear from you if you wish a copy either way.

Sincerely,

(Miss) Jane E. Smith,
Deputy Clerk.

Dear Mrs. King:

Many thanks for the lovely pitchers, they will add so muchto my collection. I have several of the Frankoma pottery but none like the ones you~~r~~ sent.

I will be glas to exchange data for pitchers, unless you want copies then the Clerk would charge his fees.

I find two wills of a James Bunch of record in this Office.

One recorded in 1795 names the following: Daus. Elizabeth Bunch, Sukey Coil, Sally Scott, Martha Harris, Presciller Scott, Margery Harris, Molly Gentry, Nancy Bunch, son James Bunch and wife Mary and grandson Walter Bunch.

One recorded in 1838, names daus. Nancy Price, Mary Bunch, gddau. Eliza Dawson, no sons named.

I find a marriage of George and James of record in this County.

In 1760 Henry buys land and in 1764 he and wife, Ann selling land to a Miller, 1782 Joseph buys land and in 1787 selling land with wife Sarah, then there are other deeds from him later; then in 1848, Mary Bunch sells land of James Bunch's estate. First deed to James Bunch was in 1788.

Nothing shows a Richard, Callaway or George except George's marriage bond. Maybe didnot come down far enough, so if you think this is your line I will look more for you.

Again many thanks for the pitchers.

Sincerely,

Jane E. Smith

Dear Mrs. King:

Sorry that I have been so long in answering your letter of December 14, 1960, but with the holidays coming up and last of year &c just have not had time to do any research work. Office is closed today but I came over to catch up on my research work because for the next fifteen days it will be one report after another.

Something must have happened to me when I wrote you in my letter of October that there were other deeds of a Joseph Bunch of record in this Office, as the only two that I find is the one when he bought land in 1782 and selling in 1787. There are other in name of James. He sold only 100 acres of the 390 acres that he bought am wondering if he could have been cut off either in Campbell or Franklin County or part of his land as Campbell was formed from Bedford in 1782 and Franklin in 1786.

I find no marriage of Joseph Bunch and Mary of record in this office. I have the Campbell County marriages but didnot find it in that County.

Sorry that I was misleading in my letter of October 1, 1960.

Again many thanks for the lovely pitchers.

Sincerely,

Jane E. Smith

From the foregoing official rosters it will seem to contain five hundred and thirty-one names.If to these we add the those of the captains.of the nineteen companies,whose names are known, but of which we have no rosters,we shall have a total of five hundred and fifty names of the men who were with the Southern Division,or left wing of Dunmore's Army,commanded by General Lewis.

This little book is not indexed but so interesting that I read it line by line.No other mention of BUNCH.

Dear Miss Thomas:

No, I do not have any data on Bunch-Callaway marriages. The only marriage on Bunch is being enxlosed and do not know if it will be of any help.

It seems to me that there shouldbe earlier Bunch marriage licenses than 1787 as there was a HENRY BUNCH mentioned in Bedford County Order Book 1, page 50, December Court 1754. It is record of a suit:

"
Christopher Irvine Plaintiff)
against) in debt
Henry Bunch & Richard Callaway Defendant)

This day came as well the Plaintiff by his Attorney as the said Defendant Callaway in his Proper Person and the Defendant acknowledging the Plaintiffs Act^n. Therefore it is Considered by the Court that the Plaintiff recover against the said Defendant Callaway seventeen Pounds, two shillings & four pence & His Costs about his suit in his Behalf Expended, and the said Defendant in Mercy &c. But this Judgment is to be Discharged by payment of Eight Pounds, eleven shillings & two Pence together with Interest for the same to be Computed after the rate of Five per centum."

Page 64 gives Joseph Ray against Phoroah Reyley, John Partree Burks, William Kerr & Henry Bunch (February Court 1755) Jury trail assessed damages of two pounds fifteen shillings and four pence besides Costs.

Page 151 March Court 1756 Archibald Ingram, George Kippin & Compy Plaintiffs against Hnery Bunch - in Debt - 38 pounds six shillings & eleven Pence with interest at 5% from Aug. 7, 1754. (not verbatim)

Page 209 July Court 1757 Archibald Ingram & Compy against Henry Bunch. The Defendant failing to find Special Bail and the Attachment awarded at the last Court against his Estate being returned Executed in one chear (chair)... Plaintiff to recover six pounds thirteen shillings the Debt in the Declaration mentioned....."and it is Ordered that the Sheriff make Sale of the Attached Chair and apply the Money arising from such sale toward ~~the~~ paying this Judgment & costs and return an Accoumpt therof to the Court."

Page 211. July Court 1757. John Phelps against Henry Bunch...For reasons appearing to the Court this Suit is Ordered to be Dismiss'd.

This at least proves that there was a Henry Bunch in Bedford County and he knew Col. Richard Callaway who went into Kentucky with Daniel Boone. Bedford County was divided in 1782 and Campbell County formed. I do not have data from that county but by requesting books from your local library material can be borrowed from the Sutro Genealogical Library and the state library. Some of the early Bedford and Campbell county marriage records can be found in Hinshaw (forget the title right now).

(con't on page 2)

There might even be Bunch wills in these counties. Sometimes the county clerks of Bedford, Bedford County, Va., and Campball County, Rustburg, Va., will answer your questions. Salt Lake City Genealogical Library (Morman Library) has a wonderful collection of all the vital statistics, deeds, wills, marriage records in microfilm of the eastern states and Europe. Their library is open to the public at no charge. Some of their members do this type of work for I believe $1.50 per hour. I'm just suggesting this as some people do not know that this service is available and it is certainly cheaper than going to all of the county court houses unless you are on a trip.

I'm just wondering if Callaway Bunch does indicate an intermarriage or that this Mr. Bunch was named Callaway because of the friendship with perhaps Richard Callaway as they were certainly acquainted in Bedford County and Richard Callaway paid the debt rather~~n~~ than Henry Bunch. We have a Thomas Jefferson Brown in our family and he was no relation.

Have your tried searching the Kentucky records for Bunch Will~~a~~s as that so often gives the children. Also marriage licenses give data.

I'll be glad to keep your query on file and help you if material is found.

Sincerely,

Lucy Evans.

Samuel and Marina had son David L. b. 1818; dau. Ann R., b. ca 1819, both on 1820 Cen; son Mericenas was b. 1821-25, on 1830 Cen; Marina Frances, b. ca 1837, on 1840 Cen.

Supra and Clarissa m. 11 Dec 1811--can't help wondering if the 3 girls b. 1805-10 were really b. 1811-20; Henrietta was b. ca 1813 (1860 Cen.), not shown. 1860 Cen: Mrs. Clara Bunch had Paulina, 28, Mary 27, (Richard not there, but b. ca 1824) William b. ca 1825, Aulena C., b. ca 1829--all b. ~~after~~ 1820, after except Henrietta-strange.

Anderson--I think this is the son of John,^{5} also on 1830 Cen; but not on 1840. He was b. 1771-80, 1830 Cen. Do you have a Cen. to show age of the Anderson in Grainger Co.?

David and Judith had dau. Eliz. who m. David Eastham, 1825.

Dear Mrs.Garland King,

I have copied a few items.Hope it is not something that you already have.I know sometimes I do not keep a carbon-and repeat myself. A person should keep a carbon of all material until finished..I don't know here whether I mean finished with the work or finished yourself ! You know all loose data will be burned as it means nothing to the other fellow. The only hope I see for notes is to have them nicely arranged in order in files that a library cam use. And some libraries do not care much for genealogy..they think it is a waste of time.I have seen some notes preserved that makes you wonder ! At this writing I do know the Mormons are interested. They snatch at everything !

I have been to San Angelo,but did little census reading and I did have some new film that I should have enjoyed.I do not seem to be so interested in sitting for hours over the reader.A good thing I have already done what Ihave. Some of the 1860 and other film are so dim.And perhaps my eyes are not so good as they could be.Now, I see a lot of young people that would not read census,too. This letter is not meant to hurry with the film as I do not intend to read it again at this time.I have my Cox family pretty well out of the available early census...just some allied names and they come later. I looked in Mississippi this last time for a Barnett in Madison Co.but ended up going thru all the early census.I guess you know there wasa Bunch down there...I think he married a Cox but can't remember off hand. I copied the Logan County,Ky.quite awhile ago but had not sent it to you as I really think you have it already.

ORLENA - BUNCH

Can anyone give me information regarding the origin of the name "Orlena or "Mary Orlena" in America? It is a traditional name for older daughters among descendants of Bunch families who lived in East Tennessee about 1790, and who were apparently sons of the six BUNCH brothers who lived in Louisa Co., Va, about 1742. Three of these Bunch brothers had wives named Mary. Did one have "Orlena" as a middle name? Louisa County families were: Samuel (a Quaker), wife Mary; James, (a Quaker), wife Mary (Polly); David, wife Mary O.; William, wife Phebe. (Did he have a later wife?); Henry, wife Ann; John, no wife or children named in his will. I need the maiden names of all these wives. Am interested in BUNCH everywhere, particularly descendants of Samuel Bunch, the Quaker, who died in Louisa Co., Va., 1783, and left will naming wife Mary; sons, Samuel, George, Charles, John, and James; and daughters Judith, Mary, Ann, and Rebecca Meredith. Have Bunch ancestry on these six borthers to John Bunch, the immigrant to Virginia in 1658. Will exchange.

were fine enough, are indelibly marked on one's memory. Always dusted white with the finely powdered grain, slow of motion like the huge mill stones, the miller soon became the living part of the mill, understanding that hurry was no part of his duty. But the small boy, with his turn to wait, always found an enjoyable place to amuse himself, swimming, fishing, or, perchance, taking a turn at quoits. They were fine sports of their kind, except on a cold day, when the mill was a cold and dreary place to visit.

Like many another part of the old order, the nether stone is disrupted, and the large stones are thrown from their place in the dams to lie strewn about the old site. They served their day!

The lower part of the county probably had the oldest homes. The Duncan place was built in the early part of the eighteenth century; Campbell's home on the South Anna in 1745; Old Town probably as early; Braehead in the pre-revolutionary period. They have, many of them, lost their antiquity with the process of modernizing them, and their former owners would know them not!

Between 1700 and 1742 the country had been transformed from a wilderness into a community of citizens who wished to handle their own affairs.

LAND PATENTS IN LOUISA

The books in the State Land Office in Ricmond show that, as early as 1720, the settlers were taking up tracts of land in the territory now forming Louisa. These patents were more frequently in lots of four hundred acres, and were assigned for small payments in Virginia Currency. The earliest grants were made while the county was still a part of New Kent, and the bulk of them were made during the time that Hanover County extended to the mountains.

The following brief notes were taken from the indices of the land books, which state the grantee, date of grant, and a brief description of the location, with number of acres in the grant.

Michael Holland, 2 June, 1740, 400 acres on Owens Creek.

John Harris, 5 June, 1746, 400 acres on Contrary Creek next to Thompsons.

Ben Harris, 5 March, 1747, 400 acres on Hickory Creek.

Robert Harris, 15 September, 1752, 400 acres on Rockey Creek.

Ben Harris, 7 August, 1761, 893 acres on Long Creek.

John Shelton, 5 September, 1723, 1198 acres of land lying on both sides of Owens Creek and on the lower side of the South Anna of the Pamunkey.

These brief notes identify many of the old plantations as they were originally settled in the county. In most instances, the patentees came from the lower counties, eldest sons from Hanover and New Kent, planted themselves on large tracts of virgin soil in the then frontier. The lands were patented as seen along the major water courses, for several important reasons: more fertile soil, water, easier access, and, in all probability, less growth to hinder early cultivation.

Acres meant little, it would seem. Charles Chiswell appears to have been the largest patentee, with about twenty thousand acres lying in Louisa and Spottsylvania. This land was disposed of in smaller portions as occasion for sale arose, and, in all probability, it netted him a nice little return on his investment. This Chiswell lived in Hanover and was the ancestor of the Chiswell who founded old Fort Chiswell in Wythe County.

The grants are recorded in full in the State Land Office, and will prove of great interest to the genealogist, though it will prove quite a time-consuming and irksome task to delve through the many old volumes of ancient records.

In reciting these patents, it does not mean in every case that the particular piece of land was settled by the stated grantee, or even that he ever actually became the owner, for many cases have been discovered where patents were made and the records made but they were never taken, but passed to some other settler. This note is made that the foregoing may not be misleading; the principals, dates, and localities, however, may serve a useful purpose and are valid.

HISTORY OF LOUISA CO.? VA.
by Malcolm H. Harris, M.D. 1936

p. 12 Formation

Hanover formed 1721, then called the upper parish of New Kent, becoming St. Paul's Parish and Hanover County. 1740, "an act for the division of count of Hanover and Parish of St. Martain's and the erection of the upper part thereof into a dintinct county and parish....boundry between the 2 counties as a "straight line to be run from the mouth of Little Rockey Cr on the North River South 20 degrees West until it intersects with the line of Goochland County."

p. 13. Louisa was bounded on the east by Spottsylvania (1721), on the south by Hanover, 1720, and Goochland (1728), on the west by Goochland and Albemarle (1744), later Fluvanna (1777) and on the north by Albemarle and Orange (1733). Goochland was formed frok Henrico.

p.12. Colonial Va. was formerly divided into 8 shires: Charles River, one~~the~~ of the 8, was renamed York (1642-43), and from this div have come the cos of Gloucester, formed in 1651, on the north side of the York River, and New Kent on the south side, in 1654. New Kent Co, originally included the present countnes of King Wm. and King & Queen, and westward, included the countnies of Hanover, Louisaand Albemarle.

p.~~12~~? Prior to ~~1600~~ 1700 there were few people living in Louisa except a few traders and frontier families. By 1720 many grants had been taken, and 1720-40 ~~was~~ there was a rapid settlement of the country. Louisa was formed from Hanover, lines not est. until 1742.

THE WAR OF 1812

The militia system of Virginia was early put to a test when the War of 1812, during President Madison's administration, contested for a second time American rights with England. The militia were composed of able-bodied men between the ages of 18 and 40, and were required without exception to serve.

In Louisa there were several companies of infantry and one of cavalry. Twice each year on Muster days the Militia gathered at the Muster Grounds and were drilled by the County Militia officers. These officers were chosen or recommended by the court and were commissioned by the governor. It is to this system that much of the success in the various wars is to be directly attributed, particularly in the Civil War.

Among the old Muster fields there was one at Cuckoo, one at Farrowbank, and probably one at the Courthouse. It was an occasion, and one of great interest to the country-side, to see the plantation soldiers in regimentals, without a great amount of discipline or true army style of orders or commands. But they well served their purpose, and when the call came for the militia to muster into active service it proved worthy of the system.

The militia which served in the War of 1812 were, as may be seen from the dates of service as given for each company, brief. They were used only in the defense of the State, and were stationed at the Camp at Bottoms Bridge and at Mount Holly, without much active duty.

Capt. George Morris's Company 40 Virginia Regiment 1st Brigade in Service of the United States under the command of Col. William Truhart at Camp Bottom's Bridge under Brig. Gen. William Chamberlayne from 28th of August to Dec. 3, 1814.

"When we came here we found no other county cavalry except part of the Louisa troop, the balance being on the river acting as a line of expresses from Hampton and Norfolk. This remnant was united to ours, which makes us muster very large.

"Watson, The Capt. of the Louisa troop, having an older Commission than our Capt., has been put over us, he is a man of fine military talents and with whom almost every member of our troop are much pleased. We should have cut a poor figure under our own officers, but as it is, we are said to be the best disciplined country troop in the whole state.

"We are on hard duty every day at least six hours, and in the intervals have to cook our food and rub down and feed our horses.

"It is said that the Governor has issued orders today that we are to march to Portsmouth opposite Norfolk, etc."

This is part of a letter written by C. S. Jones, dated Richmond, April 1, 1813, and addressed to Mr. John C. Bowie, Prt. Royal Caroline County.

During 1850 there was held at Louisa a meeting which raised a protest against the anti-slavery activities in the Northern States. This protest was forwarded to the General Assembly as a petition but as many others aside from merely registering the opposition to the anti-slavery movement it had no effect. There were many staunch slave holders in Louisa, some of them holding a number of slaves, but for the most part these black people, though property, were treated with kindness, and in the many letters of the period the frequent mention of slaves, with affectionate messages to separated members of Negro families, are conveyed with genuine interest. The inevitable progress of time however decreed that

P. 111-112. .."Returning up the Old Mountain Road we pass the home of the Holmans, and a little further on, on the right, is "Farrowbank", where Perrin Farrar seated himself about the time of the Revolution and there built the house which still stands, a storey and a half, with dormer windows, and flanked at either end by great brick chimneys. The one-time shingle roof has been replaced with metal which detracts from the ancient dwelling no little. It was here, once a tavern, that Capt. William Jackson mustered in his Co. for the War of 1812.".

p. 153. Churches and Parishes and Ministers

In Hanover the parsh of St. Paul's was formed from the western portion of St. Peters in New Kent, and in 1726 it was divided and the western part called St. Martin s. Boundry of St. Martin's was given in the statute showing the parish in both Louisaand Hanover.....The western boundry was described by the act which in 1742, divided this parish and set up Frederickville Parish, which lay west of a line run from the mouth of Gladys Cr on the south side of the North Anna, a course of South two degrees West until it intersected the line of Goochland Co. This is yet the line between the two parishes, St. Martins and Trinity, which was later cut from the eastern part of Fredericksville. This line runs parallel to the county line and at a distance of about 5 miles over in Louisa, it yet constitutes the boundry between Trinity parish and the upper Hanover parish. In 1772 act passed to dissolve the vestry of St. Martin's Parish.

An act of Assembly Dec. 1, 1742.

p.158

The line div. this parish from St. Anne's Parish in Albemarle Co was set forth in an act of Assembly for the year 1757, July 20. "All that part of the parish of St. Ann's which lies north of the Rivanna R and above a north east line to be drawn from Kings Ford to the line of Frederickville Parish from said ford up the said river to Secretary Ford and thency by the mail road to Woods Gap in the Gre t Mountain to be added to Frederickville Parish".

The boundaries of Goochland co and the North Ann R. formed the other 2 sides of Frederickvolle. The present parish lines have been since the year 1845 entirely removed from Louisa, as seen from the formation of the later parish called Greensprings. The present parish of Frederickvole lies wholly within the county lines of Albemarle.

LOUISA FAMILIES

In the course of many years of research the following family notes have been made. They are not exhaustive but will serve to distinguish the several generations and family connections. The older families are mentioned as they have been more particularly concerned with the County's history. It is hoped that these notes will stimulate an interest in genealogy and prompt the preservation of both family records and letters. There are many valuable letters hidden away in trunks, desks and attics, in constant danger of being lost to posterity, which can be conveniently preserved in safety boxes and fire-proof archives. The present generations of historians should become antiquarians and collect for the next generation to write.

Edward Ambler purchased a large plantation on the South Anna, lying on both sides of the river and extending to Indian Creek. It consisted of the home tract, Lakeland and Brookes. His son, Col. While this family mostly lived in other parts of Virginia, many of the Louisa families were in some way connected with them. Peter's Parish, who was born in England around 1641 and died in New Kent County in 1705. JOHNSON FAMILY (King & Queen Records)
p.379

Col. Richard Johnson, it appears from records, was born in England and came to America and settled in New Kent Co. He was born at Bilsby, Linsolnshire. He was JP in 1680, and Captain of Horse in the militia. He was apptd to the Council in 1696 and died in 1698 (VMH&B,v.25,p.328). He was granted 3285 a of land in Pamunkey Neck (K Wm Co) in the year 1685 and surrendered in 1696. He was a large land owner.

It appears that he m in England and there had a dau. Judith, who m. Sir Hardoff Wastneys.

The Tomb of Susan Duncomb is at Old Church, and states that she was the wife of Col. Richard Johnson, and died in1686:

Here
Lyeth Interred ye Body of Susa
Daughter of Wm Duncombe Of
Holbeach in Ye County of Lincoln Esq
and wife of Collo Richard Johnson
Esq who Departed this Life Much
Lamented The 8th d of August Anno
Domini 1686, Aged twenty Two
Years and Three Months
Heu-Heu rest in latin.....

Col. Johnson was evidently buried there, also for fragments of his tombstone could be complete, with the above information:

He---re Lyeth the Body of
Collo. Richard----Johnson
Late--- Of his Majes----ties
Hon--orable Co--uncil
who departed---this life
May 1699 Aged ~~40~~ 70

On the two fragments compsoing this stone appears another inscription which indicated that a Major Richard Johnson was also buried there. Col. Richard's son, Major Richard, died without issue and his will ,dated Dec 13, 1733, left his lands in Caroline and King &Queen to his two nephews, Thomas & Richard. He was Burgess from King and Queen in1723-1726.

Susan Duncombe could not well have been the mother of the sons of Col. Richard Johnson.

Richard Johnons, will dated Apr 8, 1698, left Thomas lands in King Wm and Lands in K&Q to William and Richard.

As to the other stone, it appears that the wife of Major Richard Littlepage was also buried at Old Church, for a fragment shows that Mrs. Oriana Thor(pe) relict of Major Richard (Littlepage) and dau of Wm. Willm (Johnson) died in 1742. She was petitioner as heir of Wm. Johnson, dec'd nov 7, 1738, with Philip Johnson (Journal, House of Burgesses, vol 6 p.327).

There is another fragment, indicating that another Johnson was interred there, but the information does not fit any other that is to be found.

Thomas Johnson, another son of Col. Richard, also represented King & Queen as Burgess, in the sessions of 1718; and in 1720 and 1722 he represented King Wm Co. This time he prob lived at Chericoke. He died about 1734, at that time living in Hanover Co. He married Ann, dau of Nicholas Merriwether and had the follwoing

Children:
1. Nicholas
2. Richard
3. Jane, m. Richard Chapman of King Wm Co
4. Ann, m. Col. John Bosewell of Louisa
5. Thomas
6. William

Thomas and Wm lived in Louisa and served as Burgesses. They were close friends of Patrick Henry.

Of William the third son of Col. Richard, little is known. He rec. a regrant in 1705 on Monlewen Swamp, which had been give him by his father. He prob lived in King and Queen Co. He may have been father of Philip Johnson who rep. James City in the House of Burgesses. (Va Hist Mag, 25,328.)

In addition to the tombstone of Mrs. Littlepage at the Upper Church in Stratton Major Parish, the fragments of others have yielded the fol. info, whihc, for convenicnce, have been put together in the same manner as taken from the stones:

Ann Johnson, married John Bosewell. Chastellux, in his travels thru Va. visited the Bosewells, who conducted an ordinary at the LaFayette Tavern in Greensprings. WINSTON FAMILY
p.429-438

There are many legends in regard to this family history, unauthenticated by records. There were 3 bros, so the story goes, who came to Va., expelled from Eng for poaching on the royal estates, but so far we have not been able to account for them.

William Winston patented 769 acres next to Dr. Philips' in St. Peter's Parish, New Kent Co., for bringing 16 persons to the colony, patent dated Apr 29, 1693. (Land of vol. 8, p.121). William Winston patented 206 acres in New Kent co on Oct 27, 1696 (vol. 9, p.60), and 1091 a next to William Wormley and James Dabney for transporting 22 persons to the colony - land in King and Queen - Apr 25, 17021 (vol. 9, p325).

Anthony Winston, brought 22 persons and was granted land formerly granted William Winston in New Kent in 1690, Oct 23. Date of new patent was Oct 24, 1702, acreage 1079, near Littlepage's (vol. #ir, p.376).

"Anthony Winston of St. Peter's Parish, son and heir of William Winston late of the same county, concerning lands in King Wm next to Wormlry Dabney and land of Daniel Parke, Esqp, dated Oct 20, 1702." King Wm. Co. Records (Restored) Vol. I, p.79)

It would seem from the above records that William Winston died in the summer of 1702 and left Anthony, his eldest son, his heir, according to laws then existing. The same tract of land is mentioned in the King W Records as in Wm. Winston's patent of Apr 1702.

In King Wm records in 1706 appears a deed signed by William Winston and Sarah Winston, of St. Peter's Parish, New Kent Co. In that Parish Register is rec the bapt if Isaac, son ofWilliam. There were grants to Wm. Winston in the upper part of King Wm Co and the last show that he was living in Essex Co and was the husband of Martha Waring, late Mrs. Gouldman. The nate of late transactions of this William indicate he had moved to Hanover nad Martha Winston died about 1721.

In Hanover Co Wm. Winston patented lands in 1725 which later appear as left by Williams to his son, James and John, in his will, the identical patent. These were the sons of Mrs. Barbary O.Winston, of Hanover Co.

The rest of the army were mustered out of service. Capt. Martin immediately began the march to the Rye Cove. Upon this march he had to passthrough a very dangerous gap, called Little Moccasin where the trail went through a very narrow and deep gorge of the mountain and where the Indians had killed a great many white people. When Captain Martin began the march through the gap, he had his men in fine order and strung out single file. Just as the head of the column emerged from the narrow file, the whole column was fired upon by Indians from the top of the ridge, where they were strung out in a line as long as Capt. Martin's. As soon as the Indians fired, they ran off, having failed to kill any of Martin's men. But one man, James Bunch, amember of Martin's company, had five (5) balls shot through his flesh, whereby he was rendered incapable of getting a livelihood by labor, and was allowed by the General Assembly of Virginia thirty pounds for his present relief and half pay as a soldier for three years. The Indians having all fled, Captain Martin proceeded to Rye Cove, where he remained until the first of May, 1777, when he was ordered back to Long Island where he remained until the treaty of peace was concluded between the Indians and the whites, on July the first."
